BUILD AMERICA, BUY AMERICA ACT (BABAA) CONTRACTOR CERTIFICATION

Project Name: _____

Contract Number: _____

Contractor: _____

Date: _____

Certification

The undersigned certifies that all iron, steel, manufactured products, and construction materials incorporated into the above-referenced project shall comply with the requirements of the Build America, Buy America Act (BABAA), 2 CFR Part 184, and any applicable U.S. Department of the Treasury requirements.

The Contractor further certifies that:

1. All iron and steel products permanently incorporated into the project have been produced in the United States.
2. All manufacturing processes for iron and steel products, from the initial melting stage through the application of coatings, have occurred within the United States.
3. All manufactured products incorporated into the project comply with applicable federal domestic content requirements.
4. All construction materials subject to BABAA have been produced in the United States.
5. The Contractor has obtained and will maintain documentation from suppliers, manufacturers, fabricators, and subcontractors demonstrating compliance.
6. The Contractor will require all subcontractors and suppliers to comply with applicable BABAA requirements.
7. No foreign-sourced material requiring domestic production under BABAA will be incorporated into the project without an approved federal waiver.
8. Supporting documentation will be retained and made available upon request to the County, Treasury Department, Inspector General, Government Accountability Office, or other authorized federal representatives.

9. Any discovery of non-compliant materials will be immediately reported to CASL and the County.
10. The Contractor understands that false, fictitious, or fraudulent certifications may result in contract termination, repayment obligations, suspension, debarment, or other legal remedies.
